INTERNATIONAL RELATIONS RESEARCH METHODOLOGY

COURSE DESCRIPTION

This course is aiming at introducing the methodology of international Relations as a discipline of science, as the continuation of the “Introductions to International Relations” course. In the first half of the schedule will be emphasized on discussing about theories and theorization of IR as a discipline of science, then continued by exercising the cases of IR in the second half of the scheduled. After taking this course, students should be able to describe the development of IR science, understand the basic of methodology used in the study of IR, and able to apply methodology in analyzing international relations phenomena.

CREDIT

3 credit units

LECTURER

Prof. Dr. Tulus Warsito
